Footnotes to FCC Rate Regulation Impact Survey

Community Unit ID# WI0006

Line 27 - No subscriber received an increase in rates without additional programming.

While a customer with the highest level of regulated service and no additional outlets received an increase of \$0.18 in their monthly bills, a customer with one additional outlet had a decrease of \$1.32 and a customer with an additional outlet and an addressable converter had a decrease of \$3.31.

Line 27 percentages are approximate.

September Installation and Service Change volume is estimated based on August activity.

No split is available for wired versus unwired installations or trip versus no trip service changes.

Total billed monthly charges for regulated services are estimated based upon estimated volumes.
